

THE ADITYA BIRLA PUBLIC SCHOOL, JAGDISHPUR

Dear Parent,

The month of March is not only a month of examination but also a period of reflection and introspection. We look back at various events and happenings that touched us, inspired us and taught us. We had set standards and goals for ourselves and strived to achieve them – be it in the area of academics, sports, events, discipline, and leadership. We also made a few changes but retained the essential spirit of ABPS. As our journey continues, we take on new challenges, new solutions and new heights.

The Bi-Annual report is a part of our endeavour to communicate school matters to you fully and regularly. As important stakeholders of the school, your feedback and suggestions are equally valued.
